

MINOR TUNE UP for Only \$29 INCLUDES:

1. Thorough cleaning of the entire bike.
2. Complete safety check (tires, frame, wheels, brakes, cables, handlebars, stem, fork, pedals, cranks plus 16 other critical areas)
3. Check and adjust as necessary,
 - a. Front and rear wheel hubs.
 - b. Front and rear break assemblies
 - c. Front and rear derailleur assemblies
 - d. Headset
 - e. Front and rear wheels for "true".
 - f. All nuts and bolts.
 - g. Air in tires
4. Clean and lubricate the entire drive train (chain, freewheel or cassette gears, chain rings, idler and jockey gears).
5. Road test all components for proper performance.
6. Determine if any parts require replacement or any non covered repairs are required.

Any parts that are required are at additional cost for the part and installation.

All work is guaranteed for 10 days and minor adjustments are provided on a no charge basis during that time.

Average service time is 48 hours but actual time could be more or less depending on the condition of the bike and the parts that may be required, if any.

Installation services are available for accessories like computers, racks, lights, baby carriers, etc.

Assembly of bikes and other items are also available for a nominal fee.

Pick up and/or delivery service is available for a small fee in my local servicing area. "House Calls" can be scheduled for certain repairs, saving you a portion of the delivery fee.
